## Modern Art Show

FEATURING INTERNATIONAL THEMES

### BRENT

Paul Brent, known worldwide, has received many local, regional and national art awards. In addition, he has been featured in national art and business publications.

### TROXEL

Cheryl Troxel, trained in fine arts and architecture, is well known in the Southeast for her abstract paintings, unique renditions of the Lady of Guadalupe, and artistic residences.

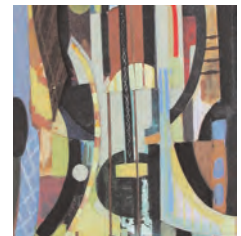

### GRIFFIN

Kim Griffin, a commissioned artist for The Carter (former US President) Center, will show her portrait collection. These paintings include a variety of techniques and subject matter.

### KIVETT

Deborah Kivett's enamel jewelry and wall sculptures, that capture the passage of time, are featured in museums and galleries in New York, San Francisco and the Southeast.

### WEBB

Carl Webb, a graduate of the Cleveland Institute of Art and a native of England, has been painting for over 20 years. He has received many awards for his paintings and sculpture.

5-7 pm - Thursday, April 26 at the School

The show is free. Children are welcome. Refreshments will be served.

In addition to art by some of the area's best artists, art pieces by the PCRS children will also be featured. Each artist will be present to answer questions about their works.

## Kid's Fest

## PRE-K

The children have a vocabulary of close to 150 Chinese words and can read well in English. They can also spell straightforward English words. In addition, they can count forward and backward within 100 and can identify individual numbers within 100. They also have fun with crafts, toys and games.

## KINDERGARTEN

The children are reading in Mandarin well and have a vocabulary of about 350 words. In English the children are confident readers and feel comfortable spelling many words. We are also thrilled about the math progress, the students can now handle addition and subtraction within 100. They also have finished all 30 science topics.

## FIRST GRADE

In science, the children are learning about Iso/Thixo-tropy and the properties of metals. In Chinese, the children continue to work on character writing and vocabulary. The vocabulary is now about 650 words. The children continue to work on addition, subtraction and multiplication and have started basic Algebra. Also, the students are continuing to refine their English reading, writing and spelling skills and now know all but a few of the Presidents. In addition, they have completed all the geography topics.

Admitting students of any race, color and national or ethnic origin.
